4. Attach the four cargo net hooks to the four anchors in the cargo area.

Installing the Cargo Net Behind the Third Seat

5. Fold the cargo net in half and zip the zippers, then attach the two hooks onto the center loops of the cargo net as shown.

6. Attach the hooks to the two anchors in the floor, and attach the corner loops to the hooks on the rear side lining.

7. Put these instructions and the remaining two hooks (if necessary) in the glove box for your client.

USE OF THE CARGO NET

- Some luggage stored in the cargo net may interfere with the tailgate when it is closed. To prevent damage to the cargo net, do not store large fragile articles in the cargo net.
- Before storing articles that have sharp edges or corners, wrap them with paper or in a blanket so their sharp edges or corners will not contact the cargo net directly.
