Information

1

Read through all the instructions before installation. Notes and warning texts are for your safety and to minimise the risk of something breaking during installation. Ensure that all tools indicated in the instructions are available before starting the installation. Certain steps in the instructions only have images. More complicated steps also include explanatory text. In the event of any problems with the instructions or accessory, contact your local Volvo dealer.

Conditions

2

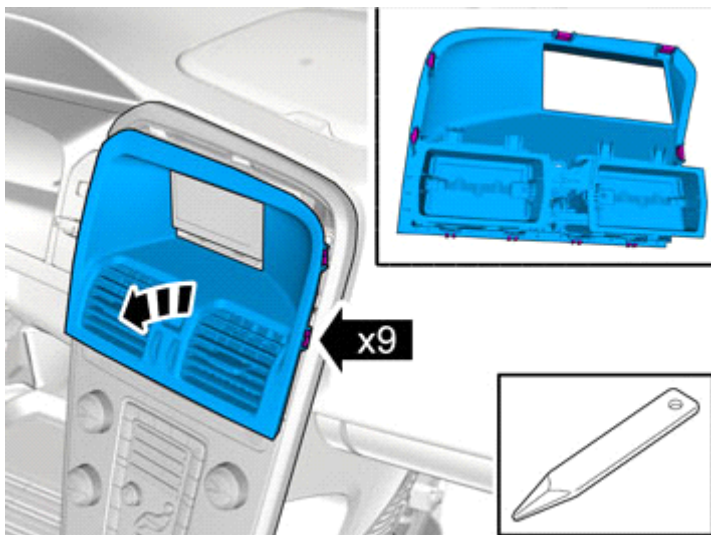

Note!

Make sure that the ignition key is in the OFF position.
